Circle of Friends & Patrons

of the Museum Art of the Lost Generation

These thoughts from the artist Hanna Bekker vom Rath are what the **Circle of Friends & Patrons** aims to continue.

We are the only museum in the German-speaking area dedicated exclusively to the artists of the Lost Generation.

Our task is to rediscover previously forgotten artists of the Lost Generation, scientifically research them, restore their works, publish them and to preserve them for the future. The extraordinary collection currently comprises **over 500 artworks**, mostly oil paintings, and covers a wide range of the artistic facets of the interwar period.

The **Circle of Friends & Patrons** makes it possible to fulfil this task through the support of private individuals and companies. Connected by an interest in the Lost Generation, it promotes the museum and the shared discourse. Every Friend & Patron can decide how involved they wish to be and to what extent they would like to provide financial support.

Become a **Friend & Patron** now and support us with a **one-off or annual donation** to enable our ongoing museum work and painting acquisitions. Or support one of the Museum's **projects** such as the publication of the second volume of our collection catalogue or a new exhibition.

You will enjoy exclusive benefits throughout the museum. Companies, legal entities and associations are also welcome to take part in supporting us.

We will be happy to personally inform you about our current projects and your benefits.
